

Peek at the week – 08.10.21

A polite reminder to name EVERYTHING as all school uniform looks the same. Many thanks.

English

This week we are exploring how Norman has come to terms with his new wings and feels special and unique – just like us!

In shared reading we are going to be reading a collection of poems, matching hfws and learning about rhythm and rhyme.

Maths

We are going to be comparing mass and looking at repeating patterns.

You could try comparing mass by cooking at home and discussing how much things weigh, using balance scales and discussing equal/the same and creating patterns at home.

Phonics

We are beginning our phonics programme where we teach a letter sound each day. This week we will cover **g o c k**

Encourage your child to write these sounds using pen and paper, or in trays with sand, glitter, rice etc.

Maidenhead advertiser

On the 11th October, the Maidenhead Advertiser will be coming in to take our first class photographs of the 3 Reception classes. Please ensure your child has the correct photo permission – if unsure, speak to the office.

The photographs will be available in the Maidenhead Advertiser on the 14th October, and before hand, available on their website
