

# Peek at the Week

## 02.02.24

We have had a jam packed week of fun in Reception! The children have absolutely loved reading "Aliens Love Underpants" and have been designing their own colourful underpants, in the hope some aliens stop by to steal them! It was wonderful to listen in to our children while they played with the small world space set up, role playing as astronauts visiting different planets.

We were also thrilled to have some lovely Year 5 children join us at storytime, to read their own version of Goldilocks – "Goldilocks and the Three Planets!" What a lovely way to celebrate National Storytelling Week.

### Things to remember:

- SeeSaw Parent Meeting–Tuesday 6th February at 2.45pm. Please RSVP via the link sent out.

## Our Learning

### Communication & Language Development

This week we have continued Spring 1 of [Little Wandle](#), as well as recapping the digraphs (two letters making one sound) and trigraphs (three letters) learned before Christmas. Our new digraphs are: **air** and **er**. We also looked at double letters. The children are doing really well with their tricky words: *sure* and *pure*.

Phonic information for Parents [here](#)

### Maths

This week we have looked at the concept of pairs and doubling. Children have enjoyed looking to see what happens with odd numbers when you try to split them into pairs.

### Science

We had a lot of fun creating fizzing planets using bicarbonate of soda and vinegar! Mixing together corn-flour and water resulted in some very interesting "space gloop"

### Physical development

The wobble boards have been especially popular outside this week, as we have been imagining we are wobbling around different galaxies!

## Reception song of the week:

[Five Little Men in a Flying Saucer](#)

Well done to our Reception Children this Week:

RRusso: Aiza

RMead: Victoria
