

Peek at the Week

14.06.24

We have really enjoyed reading The Rainbow Fish this week in Reception! We learned some wonderful new words to describe the Rainbow Fish, such as 'iridescent'.

On Wednesday we had a visit from two Oral Health Practitioners, who spoke to us about the importance of brushing our teeth! The children in Reception really enjoyed practicing brushing and using a little dental mirror on some furry friends the nurses brought. We discovered that we shouldn't drink water or rinse out our mouths after using toothpaste!

EYFS Parent Forum– Monday 24th June, 2pm. I would encourage all parents to attend as we value your opinions and feedback.

We would like to wish all families celebrating this weekend a happy Eid al-Adha!

Our Learning

Communication & Language Development

This week we continued Summer 1 of [Little Wandle](#), which looks at longer words and some new tricky words. This week's new tricky words are: **were, here, little** and **says**.

Phonic information for Parents [here](#)

Maths

Maths this week has been all about patterns! We looked at more complex patterns, following an ABB or ABCD repetition. Many of the children are really confident at patterns, and have been showing off their skills during provision.

Reception song of the week:

[Down There Under the Sea](#)

Well done to our Reception Children of the Week:

R Mead: Zainab

R Russo: Gurbir
