

# Peek at the Week

## 15.03.24

Reception was a sea of red today in honour of Red Nose day! We spoke about charity, and why it is important that we try to be kind and caring.

We decided to run a bake sale to raise money for charity, and created some scrumptious looking cupcakes from playdough. We mixed the ingredients, added some bright red food colouring (of course!) and then decorated our creations! We then talked about how we would attract customers to our cakes, and the children designed some eye catching posters advertising the bake sale.

In the outdoor area, we were hard at work building a stall in the construction area to sell our cupcakes.

We then decorated some red nose biscuits which we ate at snack time! We used our cutting skills to chop up some strawberries and spread some red icing on each biscuit—making the perfect red nose!

### Our Learning

#### Communication & Language Development

We have been working on techniques to read longer words and plurals this week with [Little Wandle](#). Please encourage your children to look for digraphs and trigraphs in longer words and identify if they are at the start, middle or end of the word.

Phonic information for Parents [here](#)

#### Maths

This week in Maths we have begun to look at 3D shapes. We learned the vocabulary "sphere", "cube" and "pyramid" and looked at curved and flat faces. Try to find some of these shapes around your house!

#### Personal, Social and Emotional Development

We had a fantastic opportunity to put our team work and problem solving skills to use this week, when we had a visit from the Puzzle Workshop Company! There was a series of puzzles for the children to work out, involving shape and colour. It was wonderful to see Reception having a go at some of the tricky challenges!

### Reception song of the week:

[3D Shape Song](#)

Well done to our Reception Children of the Week!
