Wednesdays: wear the correct PE uniform to school. Please bring a water bottle.

Fridays: New homework due next week:

- Reading x3
- Spellings/ English x1
- Maths x1
- Homework Menu

Our Learning

This week, we continued our geography unit on agriculture in Italy and the UK. We learnt about the different types of farming and explored where different foods came from.

In maths, we learnt how to compare the areas of two rectilinear shapes, marking the end of the topic on Area. Following this, we started our new unit on Multiplication and Division with 3 and 6 times tables. Alongside this, we have started our daily practice of the 4 times tables.

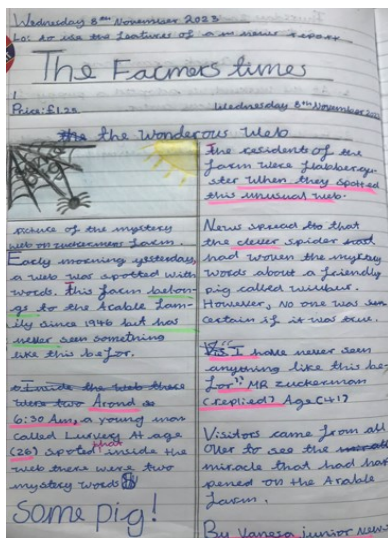

In English, we planned and wrote our own newspaper report about the miracle on Zuckerman farm. We planned our report in pairs but wrote our reports independently– they were fantastic!

Next week, we will begin our new science unit on the digestive system. We will be learning to identify and label the organs found in the digestive system.

In maths, we will continue to explore multiplication and division strategies for 3, 6 and 9 times tables and also learn some fun facts about them.

In English, we will bring our Charlotte's Web topic to an end by writing our own play script and book review. We will also learn about the life cycle of a spider.

Year 4 homework gallery:

PSHRE Focus: Celebrating Difference In PSHRE this term, we will discuss and understand the influences that lead us to make assumptions based on what people look like. Through this we will learn to accept people for who they are and take an active approach to anti-bullying. We will gain an understanding of the what to do when bullying occurs and by the end of the unit, we will know what makes us unique and special.

Child of the week:

4 Redgrave: Evelyn **4 Simmonds:** Vanesa **4 Farah:** Chloe

Remember to read 3 times a week and practise your timetables on Rockstar Maths.
